ADMINISTRATION AND FACULTY

On behalf of the Suffield Board of Education, I wish to extend to you congratulations on your accomplishments at Suffield High School. My best wishes go with you as you leave us to face new educational and vocational challenges. Your class will be known as the first to graduate from the new high school building. It is our hope that you will take particular pride in this and will continue in your alumni association to show an active interest in this school which you helped to develop.

Hugh McG. Watson

Superintendent of Schools (A.B., M.A., Ed.D.)

ADMINIS

Congratulations to the first class to graduate from the new Suffield High School.

Graduation marks a turning point in your life. You must make decisions soon which affect your future. Should you find employment now or prepare for your future with further schooling? I know you will face up to them and come up with the right choice.

Your yearbook will soon be filled with "Good Luck" wishes from your classmates and friends. I would also like to add my good wishes to you.

Kenneth C. Brown

Assistant Superintendent of Schools (B.S., M.Ed.)

Although your high school years have terminated, and for many, courses toward new horizons already charted, the process of education, the building of character and integrity should continue to wax strong.

Emerson expressed it simply: "The things taught in schools and colleges are not an education, but the means of education."

While in college or in the myriad of vocations many of you will enter immediately, take advantage of what you have been exposed to here at Suffield High. Utilize it to become truly educated. Strive to become good doctors, lawyers, teachers, tradesmen and more important good husbands, wives, mothers and fathers—individuals concerned enough about other people to influence change and make this a better country and world in which to live.

A.J. Culler, Jr.

Principal (A.B., Ed.M.)

TRATION

My first vivid impressions of Suffield's students and adults have not dimmed after being exposed to the town for several months. I continue to be heartened and pleasantly surprised by the town's belief in education, by its faith in its educational leaders, and by its solid monetary backing of education.

In many towns where I have lived and taught, the prevailing attitude seemed to have been, "What's good enough for me is good enough for my children." In Suffield, the attitude is obviously more progressive. "What was good enough for me, is *not* good enough for my children." The resulting first class education of Suffield's future taxpayers and decision makers presents unlimited advantages. This heritage of sacrifice by the present generation in order that the next may be better able to cope with its future responsibilities is both admirable and sensible. I sincerely hope that you, the Senior Class of 1966, will carry on this vital tradition.

Russ Dragon

A most consistent athlete, recipient of many laurels for track and cross country, and an unsung hero who has done much for Suffield High School is Russell Dragon. His career has been marked by stellar individual efforts. Holder of the MVP award in cross country, he is undefeated in dual meets and he finished third and eighth respectively in the 1964 and 1965 state competitions. Russ has not been vanquished in the one-half mile, mile, and two mile track events. Conference champion in the mile, this relentless runner copped a sixth place in the state meet for "M" schools.

*If you can keep your head when all about you
Are losing theirs, and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting, too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good nor talk too wise;*

*If you can dream and not make dreams your master,
If you can think, and not make thoughts your aim,
If you can meet with triumph and disaster,
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;*

*If you can make one heap of all your winnings,
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings,
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the will which says to them: "Hold on!"*

*If you can talk with crowds and keep your virtue,
Or walk with kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my Son!*

Rudyard Kipling
